Dr. Aidan O'Brien is an Irish doctor who has spent his life working in conflict zones. In his new memoir, *An Irish Doctor In Peace And At War*, he shares his experiences of working in some of the world's most dangerous places.

O'Brien's journey began in the early 1990s, when he volunteered to work in a refugee camp in Bosnia. He was shocked by the conditions in the camp and the suffering of the people he met there. He was determined to do more to help, so he joined Médecins Sans Frontières (MSF), a medical humanitarian organization that works in conflict zones.

O'Brien has worked with MSF in a variety of roles, including as a surgeon, a field coordinator, and a medical director. He has worked in some of the world's most dangerous places, including Afghanistan, Iraq, and Somalia.

In his memoir, O'Brien shares his experiences of working in these conflict zones. He describes the challenges of providing medical care in a war zone, the horrors of war, and the resilience of the people he has met.

An Irish Doctor In Peace And At War is a powerful and moving memoir. It is a testament to the power of hope and the importance of compassion. It is a book that will stay with you long after you finish it.
