## Reclaiming the lost art of being a liberal in the 21st century

In a world increasingly divided along lines of race, gender, and sexual orientation, liberalism has been under attack from both the left and the right. In his new book, *The Once and Future Liberal: After Identity Politics*, Mark Lilla argues that liberalism is in crisis. The old liberalism, which was based on a commitment to individual rights and limited government, is no longer adequate to address the challenges of the 21st century. We need a new liberalism, one that is both more inclusive and more ambitious.
